# THE WARWICK ACADEMY

Welcome to Just Passing through, the Yearbook of Warwick Academy in Bermuda. This is the 2nd hardbacked yearbook produced by the students of Warwick and we're rather proud of that achievement. Next year will be the final yearbook of Warwick as a public school and we are a bit sad about that. In 1995 Warwick will go private again and the school will assume a different, if not completely new personality. This yearbook has been witness to many changes of Warwick, both temporary and profound. The establishment of the private Primary school in 1992 was a big step by the school and 1995 will mark the final step in the completion of the privatisation process. We hope that Warwick will not change too much. We want a school that stretches the minds and imaginations of our students and one that also cares about us as people. But, most of all we want a school that will tell us, as it always has, to AIM HIGH IN EVERYTHING!

The next 6 pages set the tone for the rest of the yearbook. This very popular poetry section of the yearbook is for everyone. The poem we have chosen this year is about life for both adults and children. It is call 'All that Matters.'

All That Matters

All That Matters Is The Way In Which We Live:

The Way We Face Our Troubles And The Happiness We Give:

**The Way We Deal With Others Whom We Contact On Life's Way:**

**The Way We Work, The Things We Think And The Sort Of Prayers We Pray.**

**All That Really Matters Is Our Attitude Of Mind:**

**The Way We Meet Life's Rough And Smooth And The Set-Backs That We Find:**

**The Way We Try To Right The Wrong And The Way We Check Despair:**

**The Way We Use Our Talents And The Things For Which We Care.**

**All That Really Matters Is The Character We Build:  
The Way We Shape Its Glory By The Missions We've Fulfilled:**

**The Rays We Cast Through Goodness Across The Ways We've Trod:  
These Are The Things That Matter To Ourselves, As Well As God.**

**THE HEADMASTER  
MR. B. BEACROFT**

**The Headmaster.**

Our headmaster is Mr. Bernard Beacroft. This photograph of him climbing the steps in the old quadrangle shows what his task has been like over the past 6 years. It has taken a lot of hard work and planning to prepare the school to go private in 1995 but, through it all, the headmaster has managed to show wit, humor and always a big friendly smile. We salute his commitment to the school and the students, and although we don't always appreciate his tough approach to our wrongdoings or singing, we know that he always has the best interest of us and the school at heart. He always talks about improving the partnership between the students and the school and this, we think, is the most important dimension of the success of Warwick Academy. We hope that he chooses to spend many more years with us and our successors.

Dianne Greene

A new face around the Languages Department is Mrs. Dianne Greene who has rejoined Warwick Academy after living in England for six years. Mrs. Greene is teaching Latin and English. She is also running the Classics Club which concentrates on the study of interesting Roman and Greek history and mythology. This heavy schedule is added to an already busy homelife with 1 son and 3 stepsons to look after. Mrs. Greene has a Bachelors degree with honours, a Masters degree and a Post Graduate Certificate in Education. She was educated at St. George's Prep, B.H.S., Queen's University and London University. Mrs. Greene is a skilled cellist and she is hoping to rejoin our very own orchestra some day. Welcome back Mrs. Greene.

Dear Editor,

I think that in this day and age people have to learn what and what not to take seriously. The majority of young people have to learn how to take things more seriously, for example, their education. The older generation has to learn how to take life less seriously. I heard a quote which makes the most perfect sense: "Life is just a parenthesis in eternity"-so make the most of it. And for my generation, which has definitely been the best one so far, "Don't follow the path of others, but create a path of your own for others to follow"-please take this into your hearts.

Sincerely Yours,

Sandy DeSilva

### Mark Thorne

The new energy in the Physical Education department comes from Mr. Mark Thorne who is an old boy of Warwick Academy. Mark also attended the Gilbert Institute and gained a Bachelors Degree from Salem State College. Mark is an all around sportsman and is interested in most sports. I'm sure many of us have already seen him playing in the local soccer league and scoring many goals. Mark is also interested in chess, painting, masonry, mechanics, hiking and camping. His main goal is to become the Minister of Youth and Sports, but not too soon we hope, as we want to keep him around for a very long time.

### Jenny Sheppard.

The new cheerful face around the Guidance Department belongs to Mrs. Jenny Goddard-Sheppard who is a native of Canada. Jenny was educated at St. Mary's, Dalhousie and Acadia Universities in Nova Scotia where she received Bachelors and Masters Degrees in Counseling and Administration. Jenny's hobbies include singing and dancing but she is very busy looking after her three children-Emily, Joy and Benjamin, an of course, her husband Mark. Jenny's goals include the gaining of a Phd. by age 45 and the publication of a book. Keep smiling Mrs. Sheppard!

#### The Inner Circle

#### Steve and Marlene Taylor

Steve and Marlene Taylor have given many valuable years service to Warwick Academy. Steve is a Maths teacher in the Upper school and Marlene is a teacher in the Primary school. They have been happily married for quite a few years and they have two healthy sons-Sam and Max. Max was born on Boxing Day, 1993 and weighed in at an astonishing 11lbs. As they are in the process of thinking about returning to England we thought you might like to know a little bit about them. Marlene is from Canada and is of German extraction. She has been in Bermuda a long time and has really enjoyed being a Primary teacher. Steve is from the north of England, attended one of our most prestigious public Boarding schools, Manchester Grammar, and spent a large part of his early life in East Africa where he was a Deputy Principal in Kenya. Steve has been a very popular and thoughtful teacher, especially for our less able Maths students. He always seems to have the time to explain a problem more thoroughly if the student is finding a difficulty. They now live in Somerset and both share the same interest of painting. Both are superb artists. Steve is also a sportsman having played rugby and taken up running since his playing days finished. Marlene also runs and likes to keep fit. As you can imagine their duties as parents to two small sons now leaves little time for themselves or their own interests. If they do decide to leave Warwick and Bermuda then we wish them luck in their new life and fond memories of the time they spent with us.

#### Duncan Newby

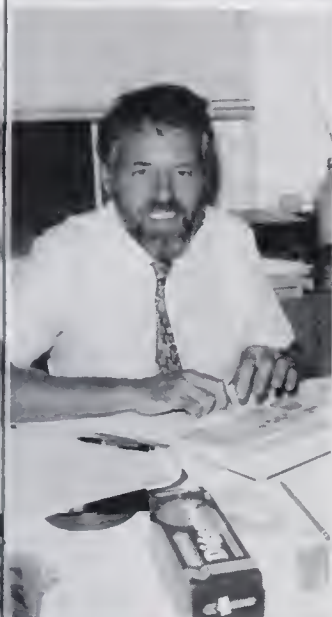

#### Mark Thorne

#### Andrew Dobson

Andrew Dobson, our own Geography and Economics teacher, is also the President of the Bermuda Audubon Society. He, and his wife Kristina, have had a lifelong passionate interest in the protection of the environment. In his position as President, Andrew is now able to play a major part in the preservation of the last few remaining open spaces in Bermuda. Andrew and Kristina are also ornithologists, which for the uneducated, means they like to look at birds. They are often to be seen wandering over Audubon property charting the migratory habits of our visiting flying friends. Andrew also runs the Duke of Edinburgh program which, because of his own enthusiasm, has been growing in strength and popularity over the last few years.

The Hunk!

The other new face around the Languages Department is Mr. Richard Copeland. Richard is from England and teaches French. Just married, Richard is very excited about beginning a new life in Bermuda. Richard comes from Newcastle which is in the north of England and is very well qualified with an Honors Bachelor Degree, a Post Graduate Certificate in Education, a Diploma in Education and a Diploma in Teaching English as a Second Language. Richard is a keen tennis player and is now well involved in our own Tennis Club. We hope that he will be also be around for a very long time.

Dave Vine is just completing his third year at Warwick Academy and he is a member of our Science Department. Dave is from the north of England but now considers his home to be in the south near London. In his last school Dave was the Head of Science and responsible for introducing the dreaded National Curriculum. Dave teaches Physics and he has the reputation as a tough no nonsense teacher. Apart from Physics his other interests are mainly in sport. Dave is a very good tennis player and plays in the league at Coral Beach Club. He is also a keen runner and golfer. Dave enjoys Bermuda and likes nothing better than to sit in front of our magnificent scenery and read a favorite book.

**John Defrias and Jose Medeiros**

Our Janitors are Jose Medeiros and John Defrias. Both of these men come from San Miguel in the Azores and enjoy working in Bermuda. John has been in Bermuda for the past 24 years and he is married with 3 sons and 1 daughter. John also has a brother and sister living in Bermuda. Jose came to Bermuda in 1986 and has been working at Warwick Academy for the past 6 years. He was born on 26 October, 1962. He is married to Theresa and they had a son, Alexandre, born on 22 December, 1993. Jose has 6 brothers and 1 sister all of whom formerly lived in Bermuda. Jose has a large house in the Azores which he plans to renovate and occupy some time in the future. Jose is a PHC supporter and has played soccer himself in the Azores. Both of these men have been tireless workers for the school and we would like to thank them for all their efforts at trying to keep us clean and tidy.

**Robert Chandler**

Robert Chandler has been teaching at Warwick Academy for almost 20 years. He is an old boy of the school himself even though both of his parents were born in England. Robert is married to Brenda and they have two daughters-Samantha and Ashley. Robert is a keen environmentalist, a very keen golfer, a hiker, a runner and a talented absailer. Robert teaches Geography and Economics and he is responsible for taking the Geography Field Trips to Wales every two years. He is also a member of the Audubon Society and is very concerned about the preservation of Bermuda's last open spaces. He is a popular member of staff and his Geography classes are always packed full of interesting stories and anecdotes about himself and the island. Keep up the good work Mr. Chandler!

THE MASKS AGAIN! EMILY & JUSTIN

This is the second year of the new private Primary school. Under the leadership of Mrs. Jane Dyer and her able assistants-Mrs. Hodson, Mrs. Taylor and Mrs. Haegele, the school has now expanded to three classes. It is planned to add another class next year. At present the total enrollment is 74 students.

During this present year the school has held a Fair in November which raised about \$5,000 which to help buy much needed equipment.

There have been some new innovations in the running of the school. The 'toys at lunchtime' scheme is a great success and all the children were involved in setting the rules for this.

We also had an Open House for prospective parents and this was a surprise assembly for Mrs. Taylor who was taking maternity leave. Mrs. Taylor had a little boy called Max.

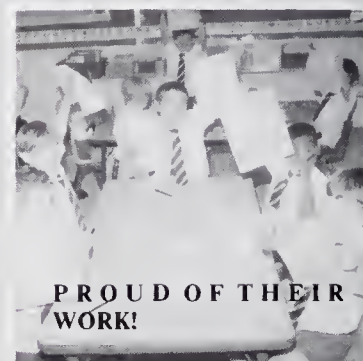

The school has also begun a swimming program with Mr. Newby in the Senior school. We also have a football club which is thriving under two parents-Mr. Manders and Mr. Wildins.

The after school Mum program is working well with Mrs. Vickers in charge. Also some parents come in to take charge at lunchtime and give the teachers a much needed break. Mrs. Correia organizes this.

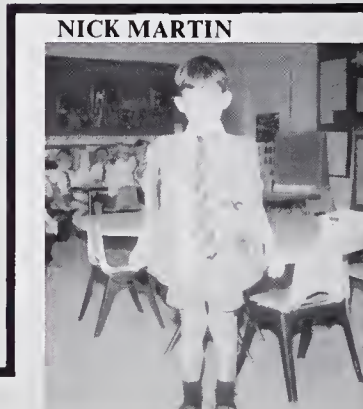

Finally, Mrs. Sampson has come in to take the place of Mrs. and she is continuing the work on dinosaurs with them.

The thing I like most about Warwick Academy is:

The privileges 5th years have, in that they are allowed to leave the school premises for P.E. or swimming and go to the gym, bowling and to the beach.

If I could change one thing in Warwick Academy it would be:  
The fact that the innocent must suffer for the guilty.

## “QUOTE

Dear Editor,

I have been given the chance to voice my opinion on my school days at Warwick Academy and choose to do so accordingly.

I have become quite concerned with attitudes teachers have against Sport's Day. It is supposed to be a fun day, however in the last few years of my being here it has been taken too seriously.

As a student I know how it feels to be pushed to do something in Sport's Day that you don't wish to. Then to be threatened with a detention or a visit to Mr. Beacroft if I don't participate is very irritating. My first reaction is to rebel.

I feel that is bad enough that we are locked in the school on these occasions like animals in cages. We are supposed to be young adults or teenagers and should be given trust and freedom of choice.

In doing this I feel that we will have a greater level of participation, house spirit and Warwick Academy Sport's Day may return to a fun day to look forward to.

Dear Editor,

This letter addresses the unjust accusation of sexual harassment in my school. My principal has passed a rule that young men of my school cannot touch or even be close to the young ladies. Why?-because it is said to be sexual harassment. The dictionary says that harassment is "to trouble by repeated attacks" or to "disturb, worry, torment or distress". 98% of the time, when a male touches a female in school, it is merely just a hello or goodbye or a simple form of WELCOMED affection. Now, I agree that children shouldn't be too affectionate at school, but it is only sexual harassment when the girl does not want to be touched or feels uncomfortable. In this rare case, the boy should be dealt with. I am sure that I am not the only one thinking this way as I have even heard teachers as well as students say that the rule is "DUMB". Perhaps my principal will take the time to read this and think about it.

## The Chess Club

The Chess Club with Mr. Richard Hall.

Every Tuesday lunchtime Mr. Hall drags himself away from his busy schedule to luck horns with and also guide the intellectual members of the Warwick Academy Chess Club. An outstanding player himself, Mr. Hall reports that the standard of play has never been higher at the school. He has 23 students turn up regularly so you can imagine the activity in Room U15. The Club is aiming to compete successfully in the two Islandwide Chess Tournaments held at the Saltus Grammar School.

MR. SLAUGHTER

## CALLIGRAPHY CLUB

The Calligraphy Club with Mrs. Janet Slaughter

Have you ever wondered why the penmanship of some of our students is so attractive? Well the answer lies in Room S22 where the Warwick Academy Calligraphy Club meets every Tuesday lunchtime. The art of penmanship is a very old craft and one that many of our students would do well to join to improve their presentation. The students learn basic italic handwriting and, when proficient, graduate to uncial script and gothic black letter. As a project the Club makes Christmas cards and title pages for portfolio work.

## The Debating Club

TATYANA THE VICTOR

The Debating Club with Mrs. Jennifer G. Sheppard.

Have you noticed a great improvement in the speaking ability of some of our students? This is due in part to the efforts of Mrs. Sheppard and her work with the Debating Club. Mrs. Sheppard has just taken over the club but she has brought a new enthusiasm and new sense of direction. The club meets on Tuesday afternoons between 3:30 and 3:45. This is an all year activity.

The students debate all sorts of interesting topics to hone their oratorical skills. They also compete with other schools and they argue a lot about subjects which they find interesting. On 8 January the club took part in the Inter-School Debating Competition. They have had a special visitor. He was Mr. Mark Malcolmson who was the coach of the U.K. Debate team. On 10 February, the Club will take part in a debate about independence in Bermuda with Warwick Secondary. They meet in Room G53 and they are Chen Foley, Karen Blanchette, Tatyana Perry, Tia Cannonier, Daren Trott, LaRondie Harrell, Devika Gibbons and Sbaunce Burt.

## Computer Club

The Computer Club and Mr. Tony Dix.

Ever wondered what is happening in the computer room every lunchtime, recess, before and after school? Mr. Dix leads a group of 40 students in learning how to operate such computer functions as Word Processing, Spreadsheet, Database, Desktop Publisher and Programming in BASIC. The computer lab is very heavily used in the subject areas of English, Math, Science, German, French, History, Geography & P.E. the Print Shop Deluxe seems very popular for making cover sheets for term papers.

## The Prom Committee

The Prom Committee with Miss Shelly Grace

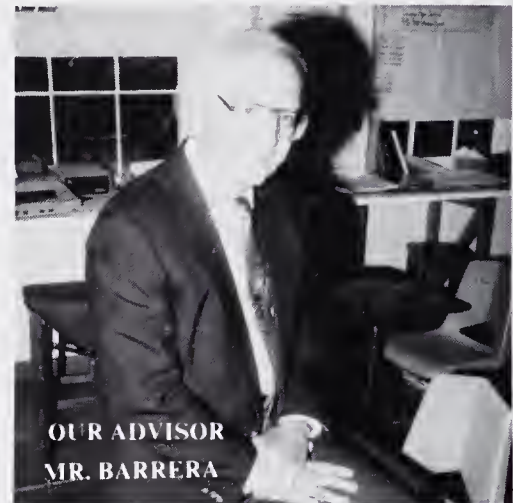

Have you noticed that as the temperature is rising the fifth years are talking more and more about the prom? You know who's taking who and what the girls' dresses are going to look like. It's typical for this time of year and almost expected by mostly all the fifth years. The twenty-nine members of the Prom Committee meet every day six in room S10 to discuss and organize the school prom which is to be held on July 2, 1994. It's going to be the best one yet and people will be talking about it for centuries to come. The students raise funds through a workathon and by working at the annual Heritage Fair at the Kiddyland stall.

## The Warwick Academy Yearbook Staff Of 1994

LAY-OUT STAFF

OUR ADVISOR  
MR. BARRERA

STEPHANIE AND MELISSA

HAS HE CRACKED UP?

### The Yearbook Staff with Mr. Rod Monroe

The Yearbook staff was an example for the rest of the school this year. Their hard work and enthusiasm even amazed Mr. Monroe. The lay-out staff met on Tuesdays and Thursdays at lunch-times on a regular basis. They also met on other days and after school to complete pages as they became available. Rochelle Simon, Angelika Roblmann, Angela Otherden, Jeanine Zawistowski, Melissa Chin, Carol Morgan, Stephanie Retton, Marina DeMello and Mr. Monroe all contributed inordinate amounts of time to ensure the completion of this project. It is no easy task to sit down and draw up plans for entire sections of a book and then follow it through until it is complete. This group worked hard to make sure we received our yearbook before the end of the summer term.

Mr. Monroe was upset at the few number of Yearbooks which he sold last year, only 200 to a school population of 450. He decided that the main reason was that the Yearbooks arrived too late. This year he hopes to sell all 300 books which he has ordered. If he doesn't then he will have to think seriously canceling next years Yearbook. There is not much point in bringing in a product which no one wants to buy-the first law of economics.

The fundraising went better this year as the economic recession receded and businesses became more supportive. WE sold some advertising space and some companies gave us very welcome donations of between \$100 and \$1000. This helped very much to pay off our debt from last year. We also received donations from the Clothing Mart Committee and the Warwick Academy Association. The hot dog sales were successful but we were only selling about 60 hot dogs each week. This was not really enough to create a big profit for us. We finally figured out how to heat the hot dogs without wrinkling them. We heated the water first before adding the hot dogs. The hot dog crew was Malieka Davis, Seth Aruda, Stephanie Again, Carol Again, Maria Again, Merveina Simons and Felica DeRosa.

In the school of Warwick Academy there are some talented actors who participate in the annual school plays. Some of you may wonder where they get the guts to perform in front of a crowd like that. Well, it takes practice and the help of both Miss Smith and Mrs. Insham. There are about twenty students in the Drama club and they meet once a week for an hour, but start to meet more often when the school play comes around. This year the two Drama teachers are producing the ever so popular musical "Joseph and the Amazing Technicolour Dreamcoat." They hope to get some of the students participating in the Festival for the Advancement of the Performing Arts, if any of them have courage enough to do it, and some-one always does. Some members of the Drama club went to see the dress rehearsal for The King and I and found it very interesting and helpful to their acting abilities. They also went to the RMDS Festival Contribution to Richard the Third.

**The Tuck Shop and Mr. Andrew Wrisley.**

This well supported institution is open every day except for rain days. They serve us what we love most-sodas, chips, chocolates and pop corn. The group in charge of sales are from the 4th year. There are 7 of them and they do a fine job.

**The Librarians and Mrs. Margaret McCorkell**

Combined with her new duties of First Assistant Mrs. McCorkell still finds the library an exciting challenge. There are 24 librarians and they meet at lunchtime and after school. They do a general clean up of the library as well as shelving books, cataloguing and checking the books in and out. They also update the catalogue cards, take care of the vertical file, organize the magazines and clean the computer drives. At present they have plans to start up a new Warwick Academy library newspaper to be published for the first time during the summer term.

**The Stock Room and Mr. Robert Chandler.**

There are 4 stock room assistants-Nelia Aruda, Sandy DeSilva, Tia Cannonier and Veronica Cabral. They are 4 very busy young ladies. They maintain the stocks for supplying both the students and the teachers. They also sell the supplies to the students. Additionally they also maintain supplies for the teachers duplicating room. They meet every day.

**The Sick Room with Miss Anne Coakley.**

There are 2 sick room assistants-Melisia Pemberton and Candare Rawlins. They are busy each day taking care of the sick-room. They check the room and tidy it each and every day. They also change the bed linen once each week. They also meet every day to perform their duties.

PASTOR HALL

The Word Of Life Club with Pastor Mark Hall.

Pastor Mark Hall is a former student of Warwick Academy and member of a never to be forgotten Senior Soccer Team way back in the 1980s. Nowadays he ministers to people and takes time out to lead the Word of Life Club at Warwick Academy. This year there are about 15 members and the student leader is Julie Perry. They study prophecy and future events through the Bible. However, they still have time for some games. This year they made a trip to McDonalds, held a Basketball Marathon, organized a Superbowl on 18th February and took part in a Soccer Marathon. They meet every Wednesday afternoon in Miss Grace's Room in the Science Block.

Have you ever wondered where all those 1st years were going first thing in the morning. More than likely they were headed for Room U12 and the Reading Club organized by Mrs. Hanlon. They meet on Tuesday and Thursday mornings from 8:00 until 8:40. They use the class library and it is a great opportunity to do some quiet reading. It also gives the First Years a warm place to go on some of our cold winter mornings. There are 22 members this year.

## The Leo Club and Mr. Bernard Beacroft.

The Leo Club is led by Mr. Beacroft, with Cindy Fisher as President. They met every other Tuesday in Room G22. Their aim is to provide a service for the community by raising and distributing money to needy causes. They also raise money for international charities. They bake, clean cars, complete sponsored walks, have brown bag days and help at functions for the old and very young. So far they have sponsored Sight First, a Lion International Charity and they also hope to sponsor a child in Africa.

They are overseen each month by Mr. Joe Ferreira from the Paget Lions and occasionally they have visits from overseas Lions. At the moment they are planning an inter-school event with Berkeley Institute. It will be an Education Family Day.

Other members include Gina Minugh as Treasurer, Sean Smatt and Zeudi Hinds as Vice-Presidents and Melissa Chin as Secretary.

## The Classics Club and Mrs. Dianne Green.

Twelve keen students meet once each week in Room G53 to carry on the work of the Classics Club. This is a new activity based on the Latin language. It supplements material which they learn in class and expands their vocabulary. They play Latin board games and act Latin plays.

## Duke Of Edinburgh

The Duke of Edinburgh Awards with Mr. Andrew Dobson and Mr. Mark Brierly.

Over 50 students are now signed up for this activity. It offers our students a challenge to achieve through a mixture of fun activities, activities to serve others, activities to acquire new skills and activities to experience adventure. There are three awards-bronze, silver and gold. Two former pupils have already received their Gold Awards. Eight of our present 4th Years received their Bronze Awards and it is planned to hold a three day expedition in Bermuda to allow students to achieve their silver awards. Some of our students have already completed a ropes course on Paset Island.

The following 4th Year students received their Bronze Awards from the Governor on 16th December, 1993-Kathryn Russell, Jasmine Caines, Karolyn Darrell, Chioke Lodge, Emily Rattray and Jali-lah Smith.

ASSEMBLY

The Warwick Academy Music Department with Miss Rebecca Lamont and Mr. Tom Cremer.

The Music Department has over 150 members at present who are taught how to play musical instruments by the school. The students are divided into the following groups-

- The Symphony Orchestra
- The Concert Band or String Orchestra
- The Junior band and Junior Strings
- The Jazz Ensemble
- The Choir

Our students also have the opportunity of applying for Organ Scholarships. All our musical groups rehearse outside of lesson time. The school gives two major performances each year and the groups are frequently invited to perform at community functions.

At the Winter Concert this academic year the Concert Band performed works by Carter, Torne and Wells, Nowak and Walters. The String Orchestra performed works by Bach, the Primary School sang a West Indian spiritual and the Symphony Orchestra performed works by Cerull, Martin and Blane. Julie Perry was Orchestra Leader and Jessica Lighthourne and Letitia Kelly were her deputies.

## The Concert Band

The Concert Band meets on Mondays and Fridays in the P.P.M.H. or the Music Room. Their major performance this year were at Prizgovins, the Premier Concert, the performance for the opening of the International Squash Tournament and the primary School Tour. They also did special performances at the Bermuda Festival where the Concert Band received 85 points out of a possible 100. They have also been invited to share a concert with a group from Washington, D.C. in May.

## The Jazz Band

The Jazz Band practices on Mondays and Thursdays, sometimes until 5:00 p.m. this year they performed at the Light a Xmas Programme in the Cathedral, at the National Stadium for Pee Wee Soccer and at the School Fair in May. They did special performances at the Educational Conference with Bill Cosby, at Government House and at the Marriott for a Canadian Business Conference. They also had a special visit for a Master Class from the Berkeley School of Music in Boston. Our Rotary Exchange student Stephanie Beton also gave special performances on the keyboard.

GEOGRAPHY TRIP TO WALES!

#### The Ski Trip 1993 Killington, Vermont.

On the 17th of December, 56 fifth year students and 4 teachers went on the long awaited ski trip. After travelling in two different planes, and after a long wait on the bus, we finally arrived at our condo's, tired, but very excited.

On the 18th, after getting our equipment, we had our first experience with skiing, which was not easy for everybody, but after a short time we started to feel more confident and by the end of the week we were not as good as the instructors, but almost!

After our first lesson, we had a choice between practicing what we had learnt or swim or relax in the Activity Center where the pool, the sauna and the jacuzzi were there waiting for us when we needed them.

After dinner we usually did not stay up for too long because after the day's work we were exhausted. On the way back, we stayed in Boston for one night and did our Christmas shopping.

This trip was such a big success that Mr. Patchett was told to organize another trip in April, but that is another story!!!!

#### The Geography Trip to Wales and the Trip to France.

In March a group of geographers set out on a field trip to North Wales in the U.K. They made studies of glacial and river features. They also completed an urban study of Liandudro. They combined this with day slope skiing and ice skating. The party was led by Mr. Chandler and Mrs. McCorkell.

Just after Easter a party of students set off for France led by Miss Smith and Mrs. Ming. After a guided tour of Paris the students headed into the Loire Valley. They then headed for the northern coast to visit Mont St.Michel and St.Malo. They completed their trip with a guided tour of London before heading back to Bermuda.

### Junior Soccer

The Junior Soccer team was coached by Mr. Monroe. They had a weakened team this year because of a lack of enthusiasm. For the first time two of our First Year girls were regular members of the team. They were Tory Ward and Melissa Voeseli. The team played fairly well but the league schedule was shortened because of no shows at practice. The team was usually chosen from the following boys and girls-Calvin Ming, Leon Smith, Nigel Burgess, Nathan Samuels, Kent Greenidge, Damon Mallory, Karsten Bruun, David Roache, Jah-Kee Smith, William Green, Tareek Somner, Gabe Cabral, Tory Ward, Melissa Voegili, Matthew Churm and Raiesh Pachai.

### The Intermediate Soccer team

The Intermediates were coached by Mr. Smith. The team had another mixed season. They defeated St. George's, Northlands and drew with Saltus and Sandys Secondary. They lost to Warwick Secondary, Saltus, Berkeley and Whitney. They had 3 wins, 2 draws and 5 losses. The team was selected from the following boys-Ibou Barry, Jay Smith, Shay Smith, Joab Smith, Duncan Barclay, Ralph Bean, Scott Constable, William Butterworth, Jah DeSilva, Justin Phillips, Garon Dowling, Tyron Douglas, Nigel Burgess, Jah-Kee Smith, Nathan Samuels, Mark Constable, Aaron Aitken, Ryan Harris, Karsten Bruun, Daniel Brown, Craig Ferguson, Jahmal Scott, Damon Mallory, Gary Adams, Matthew Churm, Kent Greenidge, Gabe Cabral, Calvin Ming, Jason DeRoza and William Green.

The highlight of the Soccer Year was our annual visit to Florida where we managed to win more games than we lost. We played against Maitland teams as usual and we all thoroughly enjoyed the tour. We also played at an indoor Soccer Arena and visited Universal Studios and Wet n' Wild. The Accompanying members of staff were Mr. Monroe, Mr. Smith and Mr. Vine.

The team was selected from the following boys: Bryal Paul, Ian Morrison, Michael Smith, David Thomas, Steven Botelho, Jah Simons, Jonathan Gaugain, Quinton DeShields, O'Neill Roberts, Kevin Zuill, Alisdair Barclay, David McHugh, Andrew Rocha, Victor Richards, Wolde Maxwell, Milique Fuhler and Denis Owen.

# Junior & Senior Netball

## JUNIOR NETBALL TEAM

### The Intermediate Netball Team

Our Intermediates were coached by Mrs. White and they had a squad of 15 girls. They played a total of seven games. They won 4, lost 2 and drew 1 game. The team was selected from Tiffany Levon, Anna Lopez, La Jene Darrell, Rhea Bean, Kelly Grant, Aiesha Vickers, Kahl Armstrong, Dunne Rogers, Taray Walker and Kim Burgess. Anna was the captain and the main scorers were Tiffany and Donne Rogers.

Our Juniors were also coached by Mrs. White. They won 2 games and lost 4 games. The team was selected from Samantha Knight, Arin Weller, Kal-Lyn Crockwell, Mischele Hollis, Jeanine Jones, Stacey Hall, Nicole Brunson and Lindsey Kipps. The main scorers were Samantha, Jeanine and Orin.

The Senior team was coached by Mrs. White also. They had a strong squad of 20 girls. They participated in the Senior Schools Tournament at Parnard Park in November, 1993. They won two games and lost one. In the League the girls won 4 games and lost 3. The team was selected from the following girls-Shanelle Smith, Glynis Swan, Jasmine Caines, Marissa Wainwright, Arkeita Smith, Nadia Duhlin, Shari Young, Shanna Tyrell, Merveina Simons, ns Meshiah Bassett. The main scorers were Shanelle, Marissa and Arkeita. The captain of this team was Marissa.

### Girls

Have you ever noticed that the girls getting the running awards always seem to wonder how they set them? These girls meet on Tuesdays and Thursdays to practice their running abilities. The amount of students varies and there are many. The girls participated in the Interschool Cross Country Meet which happened in February. Heidi Medeiros placed third and Kristin Smith placed fourth in the U-13 age group. That team placed fourth. In the U-15 category, Mamicka Williams won and the team third. In the 0-15 category, Arkeita Smith placed fifth and Glynnis Swan placed seventh; the team achieved third place.

The girls won in the Round the Town Relay Race in February. The winners were Arkeita Smith, Tamicka Williams and Marissa Wainwright. Heidi Medeiros and Tamicka Williams performed very well in the cross country. They should be congratulated for their excellent performance.

### Boys

Cross country are led by Mr. A. Smith. Just like the girls, they meet on Tuesdays and Thursdays where they put themselves up against the girls to see who survives. The boys participated in the Interschool Cross Country Meet as well. In the U-13 age category, Damen Mallory won the race and the team placed second. In the U-15 category Mark Constable was Fourth and the team placed fifth. In the 0-15 the team placed third.

In February the 0-15 boys won the Round the Town Relay Race and the U-15 were second and the U-13 won their age group. In March the W.A. teams placed first and second in the Corporate Relay. The following boys: Mark Constable, Beryin Lee, Renalda Bean, Matthew Collins, Jahmal Scott and Nathan Samuels all performed well in the Cross Country Series and in the many road races throughout the year. W.A. placed second in the Snickers Relay in November.

The team was selected from the following girls- Cindy Fisher, Lauren Perincheif, Sally Mendonca, Sally DeSilva, Nelia Arruda, Angelika Rohlman, Emily Rattray, Tatyana Perry, Karen Blanchette.

The Juniors had an even season with three wins and three losses and were coached by Mrs. Ming and Miss Gray. Our Junior Boys were coached by Mr. Thorne. They also competed in the league and BSSF tournament. They defeated Salus three times, Northlands three times but were defeated themselves by MSA twice. In the tournament they won their division but were defeated by the Berkeley Institute in the semi-finals. The team was selected from L. Hamme, M. Taylor, N. Trott, A. Smith, J. Samuels, T. Lister, G. Adams, R. Glasford, C. Harper, R. Musson, G. Bell, J. Drover (Capt.), C. Ferguson, N. Burgess, D. Martin and D. Lindo.

The tennis was coached by Mr. Andrew Wrigley and Mr. Richard Co-  
land. The club meets on Tuesdays and Thursdays and there were over  
10 members. On Tuesdays the Beginners and Intermediates concentrate  
on grip, ground strokes, serving, volleying, rules and etiquette. On Thurs-  
days the more Advanced players concentrate on improving their basic  
skills and play matches. There will be the usual Knock-Out competition  
for singles and doubles in the third term and there will be matches ar-  
ranged against the other schools.

Girls Basketball with Mrs. White and Miss Gray.

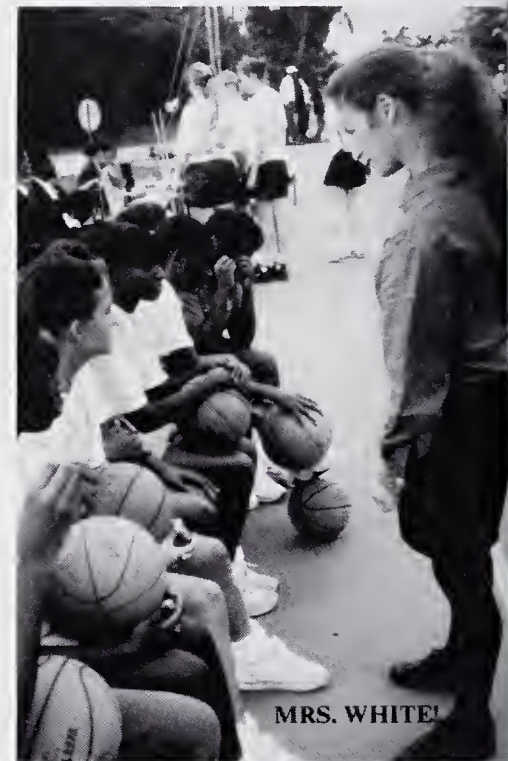

## Senior Girls

Our Seniors were coached by Mrs. White and Mr. Vine. They trained twice per week on Wednesdays and Fridays. They had a squad of ten and played both in the League and tournaments. Their main themes in practice have been shooting, fast breaks and team offensive plays. The team practiced many different zone formations. In the Inter-School Tournament in March the team put all this practice to the test. They defeated Saltus in a very close game by 30-29. In the League they lost to Chaffee and M.S.A. and defeated Saltus. The top scorers were Arkeita Smith, Miranda Jackson, Shanelle Smith and Marissa Wainwright. The manager was Kelly Smith and the other players were Melicka Davis, Colleen Dill, Rochelle Simons, Larissa Burgess and Shanna Tyre!!

## Junior Girls

Our Juniors were coached by Miss Gray and Mrs. Ming. They practiced twice per week during the Second Term. This was a rebuilding year for the Juniors with only 2 returning players. The team showed a lot of enthusiasm and cooperation in both practice and game situations. Five games were played with a record of 3 wins and 2 losses. In the Tournament our girls won their first games against M.S.A., lost the next against Saltus and were eliminated in their final game against M.S.A. In all, it was a successful season and both Miss Gray and Mrs. Ming were pleased with the outcome. The team was selected from M. Hollis, D. Paynter, L. Saints, R. Bean, C. Tucker, S. Richardson, N. Brunson, M. Flood, E. Cann, T. Martin and K. Brooks.

MR. VINE COACHING

SENIOR BOYS TEAM

Boys Basketball with Mr. Vine and Mr. Thorne

## Seniors

Our Senior Boys were coached by Mr. Vine. They had a somewhat mixed season. They had a hesitant start but with more application they began to improve. The highlight of the season was the semi-final of the League Tournament which was described on the radio as the best ever game on the island. The team showed that they were the best in Bermuda. Everyone involved with the game, from coaches to spectators, applauded the team.

## Juniors

The Junior Boys were coached by Mr. Thorne. They trained twice per week and they won their League with an undefeated record. They almost completed the double but were beaten in the finals of the BSSF Tournament. The leading scorer was Athanasius Smith. Nathan Trott led in Rebounds and Michael Taylor led in Assists. The team was selected from the following-N. Trott, P. Trott, S. Roberts, D. Martin, J. Purcell, R. Glasford, T. Douglas, K. Musson and A. Pitcher.

IN ACTION AGAINST NORTH LANDS

Rugby with Mr. White and Mr. Patchett.

The school could only field one team this year in a very limited programme. There was not enough interest from the Junior Boys to form a team and so the Seniors became our sole representatives. They trained hard under Mr. White and Mr. Patchett and they expanded their skills. In particular they practiced their passing and tackling skills which they were able to put to some good use in their games. The boys did not take part in any matches against other schools but they did link up with some juniors from local clubs. The 4th Year boys were very enthusiastic and the 5th Years showed determination and skill as ever. Several former students are now playing for Teachers Rugby Club. Among them are the current Captain Alvin Harvey, Anthony Cupidore, Eddie Peanut Kins, Andre Simmons, Darly Bean and Bohhy Hurdle.

## Inter-School Swimming.

The build up to the swim meet this year did not really go according to plan and only 8 students actually attended enough credits to achieve an extra curricula. In the past a lot of girl swimmers have come to Warwick Academy and we have tended to rely on club swimmers to win the swim meet for us. Unfortunately we now only have 3 or 4 club swimmers in the school and so we really need to ensure that we get enough practice in to even get close to the club swimmers of other schools. We do have the talent in the school but they need to get some water fitness work done in order to compete successfully.

Getting ready!

We have training 3 mornings a week 6:45-8:00 and there are opportunities to attend every afternoon after school. Technically I feel we have a lot of great swimmers but for some reason our students do not attend the extra curriculas as well as they have in the past.

However on a positive vein I was very pleased with the senior girls who won overall with an outstanding team performance beating BHS and Saltus Girls mainly because of their team spirit and determination. The other 2 girls age groups swam well but without training and not being club swimmers were beaten by experience. I emphasize that this can be overcome by attending on a regular basis extra curricular swim training.

The boys again tried their best against a much stronger Saltus squad and again came 2nd in every age group. The boys have a tremendous amount of potential but again attendance at extra curriculars is practically non existent. If the top swimmers in the school were to attend on a fairly regular basis they could give Saltus a good run.

## House Sports

Morgan House

Victory for Patten House

Rhodes House

## Tug Of War

This is always the fun event of the day and brings out a lot of good support in the houses with students and staff both suffering with sore throats for the next few days.

In the under 13's Robertson really pulled out all the stops and won both the Boys and Girls events with outstanding efforts in both cases. In the girls they overcame Patton to win and in the boys they beat Morgan.

The under 15's was more evenly spread with all the houses having representatives in the finals. In the Boys it was Rhodes against Robertson and I feel that the more rested voice of Rhodes supporters helped their side to a win. In the girls the other 2 houses fought it out with a very hard fought victory for Patton.

The finale was set with Rhodes having a team in both senior finals against Robertson in the boys and against Patton in the girls. Patton with a much heavier pack soon dashed any hopes of a double for Rhodes by winning again in a closely fought pull. However Rhodes to their credit did not let this upset them and went on to win the boys event with a fine display of power and timing-the supporters somehow managed to find that extra power to pull their team through.

## Swimming

Free style!

Go!

The inter house swim meet always takes place at the end of a long demanding day both for staff and students alike but it started on time and all the participants seemed ready to try their best and those already sore voices were again set to go to work again.

The event nearly started on time with everybody making their way to their allotted places. The first few events went quickly and in the 4th event there was a really great swim from the brother of the Great Olympian and former student Jenny Smatt, Sean. He broke the 50 metres free record comfortably with a time 28.41. No other records were to be broken until event 24 when another Morgan swimmer, Neil Stowe, won the 50 Metres breast stroke in a time of 42.36 which certainly is no mean feat for a non competitive swimmer. The third record of the meet was again a Morgan swimmer Ian Morrison (again it was in the 4th year boys events indicating what a strong swimming year it is,) creating a new mark for the 25 metres fly of 15.51 secs. Tamika was not going to let the girls or Patton down and won in

convincing style with a new record time for the 4th year girls 25 metres fly of 14.93 secs. The previous record holder for this is also a former national champion Amanda Smith.

The relays however set new standards and really showed that the strokes and fitness levels throughout the school are steadily improving. Morgan again set the first relay record in the 4th year boys 4 x 25 relay team. Patton had sterling victories in the first and third year girls freestyle relays and broke two records. Morgans 5th year girls then won a close race to beat another record in the free relay. The Morgan 4th year boys again bettered a record in the medley relay but the last 2 relay records went to other houses. Rhodes 2nd year girls smashed the old record by over 17 seconds and certainly show good potential. However I do feel the last record went to the team who deserved most credit-Patton-The Patton 4th year girls broke the medley relay comfortably. Patton won the swimming meet mainly due their participation and support, Morgan were in the lead but then were short of swimmers in some relays and Patton whose swimmers participated fully pulled ahead and deserved the success.

The 16 students meet twice a week on the upper field to practice their hockey skills. They have good team spirit and they turned out to practice every day. However there was no league hockey this year due to the work to rule of most of the schools. They did however play in the inter-school hockey tournament, although their lack of match play was evident, but the team gave a good effort, and placed fourth overall in the tournament.

#### A SCHOOL DAY IN FRANCE

First, I would like to say that the schools in France are very different from those in Bermuda. My school's name is "Le Lycee Pape Clement". It is situated in Pessac close to Bordeaux and "Pape Clement" is the name of a very good wine.

My school is very big: there are about 1470 students and more than 100 teachers.

My school's day are very busy: I wake up at 6 o'clock. After my shower, breakfast etc ... I take the bus school at 6h55, I'm at school at 7h45. The lessons begin at 8 o'clock. Each lesson lasts 1 hour. We have a recess of 10 minutes at 10 o'clock. At 12 o'clock, we can go home for lunch or stay in the school and eat in the canten. In the afternoon, the lessons begin at 1h or 1h30 or 2 o'clock. We can finish at 3h or 4h or 5h but generally 6 o'clock (depending on our time-table). We can have some free hours in the middle of the day, so we can go outside the school, or stay in the library, or go to the school's bar. Here, we can drink something or play babyfoot or other games.

The school bus goes home only at 5 or 6 o'clock. So when I finish the lessons at 3 or 4 o'clock, I must wait for the bus 1 or 2 hours. In the Lycee, the students are between 15 and 18 years old, so a lot of them come by car or by bike. Last year, I was in first year, I was learning: Maths, Physics, Biology, Chemistry, History-Geography, English, French and T.S.A (Technology of automatic system).

I was working in the school's cafeteria. There is no activity after school because it finishes too late. There is also no assembly.

I think that in Bermuda, the school is very cool and the days go very quickly. In France, the teachers do their lessons and leave the classroom (because they change their room as the students) so we can't speak with them. Here, you can speak and joke with them, so the school's atmosphere is more relaxed and I think it's better.

The only thing I think it's better in France is the fact that we can wear what we want at school, we have no uniform.

Finally I'd like to say to the Bermuda students that when you think your school is very strict, remember that somewhere else is worse and be happy with what you have now! The school is only a building. Only your work for realizing your future plan is important.

So, work and good luck!

## Inter House Track and Field Competition

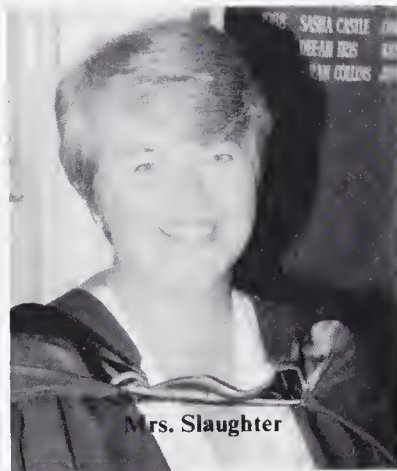

Under glorious sunshine our students competed against each other in March. The final result of the competition was a win for Patton House with 1433 points. They were followed by Morgan with 1075 points, Rhodes with 1057 points and Robertson with 995 points. Within the age groups Danielle Paynter was top Junior athlete with 14 points. She was closely followed by Heidi Madeiros with 12 points. The Intermediate winner was Marissa Wainwright with 15 points followed by C.D. Lambe with 11 points. Our Senior winner was Monique Hunt with 15 points followed by Jasmin Caines with 14 points. The most exciting competition of the day was the Senior Boys High Jump which turned out to be a duel between Chris Madeiros and David Thomas. Eventually Chris came out on top.

Prize Night

On 4th November, 1993 the most of the school assembled in the Main Hall for Prize Night. Always a night to look our best this years students did no let the school down. The students assembled early, in their form rooms, to await the call to proceed to the Hall where they were seated by Mr. Chandler. Meanwhile the staff and guests assembled in the Board Room where Mr. Patchett would collect them and lead them to the Hall at 7:45 precisely. The speaker this year was the well known civil servant Mr. Leo Mills. Mr. Mills would later speak very eloquently to our students.

The Full orchestra entertained us with some well rehearsed selections. Everyone enjoys that part of Prize Night.

The headmaster then gave his report. He complimented last years students on their academic performance in the public examinations. The 93 5th Years gained a total of 489 passes at 'O' level.

The headmaster observed that 45 of our 5th Years are now at the Bermuda College, 15 are at the Saltus Senior Year and 17 are attending a foreign college. Cara Wallington, Dericka Bean and Mandy Datlet were complimented for winning prizes at the Annual Teen Awards. The headmaster also observes, with obvious relish, that a Warwick, ex-student is this years Rhodes scholar at Oxford and that two more ex-students, Tim Smith and Jerome Dill, were elected to Parliament at the recent elections.

The headmaster then explained the new changes in curriculum that will come after 1995. The I.G.C.S.E. will replace the O level and the National Curriculum

# Prize Night

is being slowly introduced into the school.

Computer Education was still high on the headmasters agenda and he thanked the Clothing Mart and W.A.A. for providing the money to buy computer equipment.

The Orchestra, band and choir was commended for their performances during the year. Cathleen Hilsenberg and Rebecca Perinchief were praised for their participation in the Lions National Convention in Buffalo, New York.

The School Quiz team was mentioned, and the debaters Gina Passett and Chen Foley were praised for their participation in the World School's Debating Championships in Canada.

The school did well in the Commonwealth Essay competition and four of our students received special mention for their work. Other writers also performed well in the Bermuda Youth Library Competition, the Bermuda Times competition, the Tourism Awareness Week competition and Kathy Ann Payneter won the declamation contest for the second year in succession.

The Drama Club's production last year was called 'A Visit to a Small Planet' and was a great success.

The Duke of Edinburgh Award scheme welcomed another 20 silver awards and the Leo Club raised \$3000 last year for local and international charities.

Special mention was given to the Word

of Life Club which normally operates very quietly. It was led this year by Miss Nancy Mattola who was leaving the school at the end of term.

Sporting success seemed to allude the school last year. We won the Senior Boys Volleyball Tournament, the Whitney 7g and the Girls Badminton and Swimming Championships. We also did well in the local running competitions and there was a successful soccer tour to Florida. There were also trips to France, Italy, Washington and Killinston.

Three teachers retired last year. They were Ms. Nancy Mattola, Mrs. Barbara Fullerton and Miss Elizabeth Adderley, three of our best teachers.

The Primary School is a major success already. It opened with just 23 pupils but now has almost 100.

In his closing remarks the headmaster restated Warwick Academy's commitment to providing a quality academic education for our students and reconfirms his belief in the future of the school.

The Concert Band was under the direction of Mr. Tom Cremer. They played St. Louis Blues and the Eighties-A Decade of Hits. As usual they were superb.

Miss Coakley and her hardworking staff provided the refreshments for our guest after the ceremony. They were much appreciated by a thirsty and hungry audience.

Robertson House were led by Mr. Vine and Mrs. Lombos. They had some very innovative ideas, not the least of which was to have the House Captains take House Assemblies. The House Captains were Tatyana Perry, Glynnis Swan, Kim Hassell, David Thomas and Steven Botelho. They managed to come last in just about everything so the assemblies took on a new meaning for the House members. However, they will be back and with a vengeance.

### Morgan House

Morgan House was led by Mr. Thorne and Mrs. White, two rookie House leaders. The House Captains were Nadia Tuckett and Ashmead Ali. Much excitement was generated by this house and they won a lot of competitions. The race this year looks as though it will be between Patton and Morgan. Good luck to both.

# Economics 101:

## *Lesson 1 - The value of a buck*

Every student needs to learn the value of each dollar spent. When it's time to buy a personal computer to do homework or to handle the family business, you'll see a lot of brands advertised. Brands that may look cheaper in the newspaper or magazine. The problem with these "clones" however, is that what you see isn't always what you get.

Some of them will require an upgrade right from the start just so they'll work the way you want them to. Some are made with lower quality standards than they'd ever admit. Some dealers provide no user support once you've paid your money, unless you're a "big client". And a lot of them may not even be around by the time you finish college. In other words, a low advertised price is not always a bargain.

We'll be here for you, offering a long-term commitment. We'll provide the computer and software that's right for your needs, both now and tomorrow.

This is real value, and it's good economics.

### The Warwick Academy Clothing Mart

With the help of a Committee of 12 dedicated ladies Penny Tereira has organized the Fall and Summer Clothing Marts this year. These hard working people have been supported by over 30 volunteers who each spend over 80 hours per year creating the sale. The Clothing Mart began 30 years ago with sales of uniforms and childrens clothes. Within these 30 years the Clothing Mart has raised finance to provide lighting for the PPMH, Fans Computers, the Swimming Pool, VCR equipment, blinds and the school signs. When the school goes private next year the Clothing Mart will fund some bursaries and scholarships for our students. On sale is a wide variety of goods, from baths to jewelry. There are plenty of bargains and the \$2 per bag sale is famous. The Clothing Mart could do with even more volunteers so, if you want to help the school, have a bit of fun, complete some rewarding hard work, contact the Clothing Mart ladies at the school.

### Warwick Academy Association

This year the WAA has been led by Mr. Ashmead Ali as the new President. He has been assisted by Mike Smatt, Gordon Bussell, Henry Gill and Gina Moniz. Committee members are Ivan Smith, Mimi Smith, Jack Stewart, Jeanette Musson, Michelle Trott, Allister Tucker, Judith Tucker and teachers Skelly Grace, Anne Coakley and Bernard Beacroft. They have had another very busy year raising finance for the school. The centre piece of their fund raising is the School Fair with Gordon Bussell at the helm. It is a gigantic undertaking but raises much needed cash for the school. Last year the WAA saved money for basketball jerseys, organ lessons, computers, tie tacks, organ repairs, a popcorn machine, and awareness evening, the Prom Committee, leaving gifts, flags, a climbing frame and books for the junior school library.
